

Setting Up a Google Account

To download MergeTV on an Android device, a Google Account is required.

A Google Account is required to download apps other than MergeTV on the MergeTV Box.

1. Go to www.google.com and click on 'Sign in' from the top-right hand corner.
2. Click on 'Create account' and then select who you are creating the account for.
3. The sign-up form will appear. Follow the directions by entering the required information. If you already have an email address through a different domain, you can use that email address by clicking 'Use my current email address instead'.
4. Next, enter your phone number or a recovery email address to verify your account. Google uses a two-step verification process for your security. You will also be asked for some personal information, like your name and birthday.

5. If you entered a phone number, you will receive a text message from google with a verification code. Enter the code to complete the account verification.

6. Review Google's Terms of Service and Private Policy, then click 'I agree.'
7. Your account is now created! You can use this login information with any Android streaming device.

Downloading the App:

Search for 'MergeTV' in the App Store.
