

Evo-Pro Installation Guide

1. Use the HDMI cable to connect the Evo-Pro box to your TV. Make sure your TV is on the correct input to view the Evo-Pro box.
2. Using the power cord, plug in the Evo-Pro box. Also, install the provided batteries into the remote.
3. Follow the on-screen instructions to pair the remote to the Evo-Pro box. Press and hold the back button (left arrow) and Home button (house) until the light blinks on the remote.
4. Follow the on-screen steps to join a wireless network or connect your router with a hard-wired ethernet cable. Your Evo-Pro box will have to be connected to the internet to proceed.
5. Your Evo-Pro box and remote will download firmware and reboot.
6. You will need to be signed into a Google account to proceed. Once signed in, use your Google account to access the MergeTV app and download it to your box. Follow the on-screen steps to do this.
7. Select any other apps you want to download from the Google Play store.
8. Follow the on-screen steps to pair the remote to your TV.
9. Press the My TV button to open the MergeTV app.
10. Use the MergeTV login information you received from FOCUS Broadband to access your MergeTV lineup.
11. Start watching your favorite shows on MergeTV!

For more detailed instructions, please check the 'MergeTV Standard Box (Evo-Pro) Installation Guide' on the FOCUS Broadband Cable Support webpage under Help with Merge, MergeTV Installation Guides.
