

MergeTV Box (*Evo Force 1*) Installation Guide

1. Use the HDMI cable to connect the Evo Force 1 box to your TV. Make sure your TV is on the correct input to view the Evo Force 1 box.
2. Using the power cord, plug in the Evo Force 1 box. Also, install the provided batteries into the remote.
3. Pair the remote to the box. As soon as the box powers up, it will show instructions for pairing the remote. Press and hold the back button and the TiVo button until the LED flashes. It will begin pairing with the Evo Force 1 box.
4. Connect the box to the Internet using either a hardline ethernet cable or Wi-Fi.
5. Your Evo Force 1 box will download firmware and reboot.
6. Your Evo Force 1 Box has the MergeTV application pre-loaded and will not need to access the Google Play Store. However, if you would like to use additional apps other than MergeTV, you will need to follow the steps on the screen to sign in to your Google account.
7. Assign the box a name. Usually this is based on its location in the home.
8. Follow the on-screen steps to pair the remote to your TV.
9. Once paired, the screen should display the MergeTV home screen. It will auto log you in since the box has been added to your membership account. After it detects your box and matches to your account, you can begin watching!
