

ATMC Grant Supports Ronald McDonald House

The Ronald McDonald House of Chapel Hill recently received a grant from ATMC's Community Connections grant program to help provide necessary cleaning items and a revamped room for families from Brunswick and Columbus Counties. Through use of these funds, Ronald McDonald House will be able to make it easier for those who have to travel to Chapel Hill on a regular basis for specialist appointments at UNC Children's Hospital.

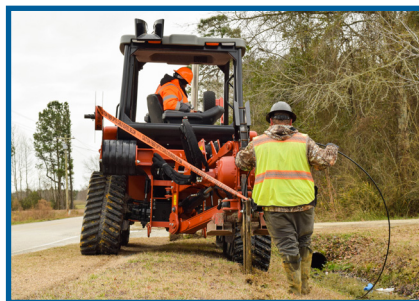

"Receiving a grant from ATMC means the world to us," commented Brooke Berryman, Grants and Annual Giving Manager at Ronald McDonald House. "Sometimes these families come in and have received great news and we get to celebrate with them, other times they are coming in the house after receiving devastating news. Knowing that a local company from their community has invested in helping them have a better experience at our facility makes all the difference."

Service Available in More Areas of Columbus County

High-speed internet is now available to more residents and businesses in Columbus County including Fair Bluff and areas in the New Life Community east of Tabor City. ATMC is on schedule to complete the Fair Bluff project in the coming weeks and construction is also underway for more rural communities near Hallsboro and Buckhead with

Boardman, Cerro Gordo, East Arcadia, Northwest, Riegelwood and Sandy Creek planned for later this year. Each of these projects were made possible through state and federal grant funding awarded to ATMC in 2019 and 2020.

Don't Forget To Dial 10-Digits

ATMC telephone customers should now dial 10-digits when making local calls. Calls made dialing just seven digits will still go through until October 24th. After that time, calls made dialing just seven digits will not be completed. This change is taking place nationally to make it easier for anyone in a mental health crisis to reach the National Suicide Prevention and Mental Health Crisis Lifeline.

Customers are encouraged to make sure that all important safety and security equipment is reprogrammed to use 10-digit dialing and contact information used on personal and business materials such as checks and advertising is updated to include the 910 area code.

For more information, visit atmc.com/10digitdialing.

ATMC Supports Brunswick Charters of Freedom

ATMC is a proud sponsor of the newly installed Brunswick County Charters of Freedom! The settings, which are located in front of the Brunswick County Courthouse, display replicas of The Declaration of Independence, United States Constitution, and Bill of Rights.

The Brunswick County display is the 34th Charters of Freedom setting permanently placed in communities across the country by Foundation Forward. Foundation Forward's mission is to install Charters of Freedom replicas in easily accessible locations so students and communities can view these founding documents without having to incur the cost of traveling to Washington, D.C. To view the Charters of Freedom, you can visit the Brunswick County Courthouse at 310 Government Center Drive in Bolivia.
